Eiamin Hassan Shanto

EiaminHassan | LinkedIn | shanto15-5251@diu.edu.bd | +8801863769094

Technical Skills

Problem Solving:
Computational Problem Solving, Algorithm, Data Structure, OOP

Version Control:
Git, GitHub

Programming Languages:
Python, C, C++

Backend & APIs:
FastAPI, REST APIs

AI / ML:
Scikit-learn, PyTorch, ML fundamentals, NLP basics, LLM basics

Others:
n8n, Zapier, Notion

Projects

FinanceAgent
Developed a multi-agent AI financial research system using **Python** and **Groq LLM**, integrating real-time data sources (Yahoo Finance, DuckDuckGo). Designed an interactive web-based playground for intelligent financial query exploration using LLM orchestration.

AI_Chatbot
Built a multi-turn conversational AI chatbot API using **FastAPI** and **Groq LLM** with session-based memory and context management. Designed **RESTful** endpoints for chat, history retrieval, and session handling. Implemented scalable architecture with **Docker** and **Docker Compose**.

RAG-APPLICATION
Developing an in-progress **Retrieval-Augmented Generation** (RAG) application with **Python**, **Streamlit**, **Groq LLMs**, **Sentence Transformers**, and **FAISS** for PDF-based question answering. Current implementation covers the core **pipeline—PDF ingestion**, **chunking**, **embedding retrieval** and **response generation—with configurable models/settings**, while advanced production hardening and feature completion are still underway.

Online Judge Profiles

Codeforces Max Rating: **1195**
AtCoder Max Rating: **243**

Actively participated in over **100** programming contests. Solved over **1200** problems on platforms including Codeforces, AtCoder, VJudge, LeetCode etc.

Achievements

- **4th Place** — National Datathon CUET CSE Fest 2025 (Team: NeuronX)
- **1st Place** — Unlock the Algorithm Fall 2023 (Preliminary: A Slot)
- **12th Place** — Unlock the Algorithm Fall 2023
- **17th Place** — UAP IUPC (Team: DIU_NewComer)

Experiences

Problem Setter & Tester
Set & tested problems for intra-university contests

Session Volunteer
International Conference on Intelligent Data Analysis and Applications (IDAA 2025)

Training Classes
- DIU Take-Off Advanced Camp
- Programming classes on Data Structures & Algorithms
- Introduction to Machine Learning

Publications

Md. Jobayer Ahmed Md. Naimul Islam Nuhas, Eiamin Hassan Shanto (2025). "Smart Crop Monitoring: Assessing Deep Learning Architectures for Multi-Class Citrus Leaf Disease Recognition". In: *International Conference on Intelligent Data Analysis and Applications (IDAA 2025)*. View Publication.

Education

2022 – 2025	**B.Sc. in CSE**	Daffodil International University (DIU)	CGPA: 3.91/4.00
2015 – 2017	**SSC**	Purinda K.M. sadekur Rahman High School	GPA: 5.00/5.00
2017 – 2019	**HSC**	Narsingdi Government College	GPA: 5.00/5.00
